

FISCAL NOTE

SB 2399 - HB 2693

February 7, 2002

SUMMARY OF BILL: Specifies that permits issued for manufactured homes with a height of more than 14 feet, 2 inches shall require special routing. Under current law, homes with a height of 13 feet, 6 inches require special routing. Specifies that special permits for movement of manufactured homes from Monday through Saturday shall be valid for 12 months rather than six days as under current law.

ESTIMATED FISCAL IMPACT:

Decrease State Revenues – Exceeds \$100,000/Highway Fund

Estimate assumes:

- a decrease in revenues from permit fees collected as the permits are extended to annual permits and fewer are issued.
- a decrease in revenues from the loss of the over-height fee that is charged currently on manufactured homes over 13 feet, 6 inches in height. Provisions of the bill change the legal limit to 14 feet, 2 inches.
- the resulting decrease in revenues from permit fees is estimated to exceed \$100,000.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
